## INDEPENDENT AUDITORS' REPORT

Board of County Commissioners  
Atchison County, Kansas

We have audited the accompanying statements of cash and unencumbered cash, cash receipts and disbursements-budget and actual for each fund of Atchison County, Kansas, as of and for the year ended December 31, 2010 as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the *Kansas Municipal Audit Guide*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

A primary government is a legal entity or body politic and includes all funds, organizations, institutions, agencies, departments and offices that are not legally separate. Such legally separate entities are referred to as a component unit. Accounting principles generally accepted in United States of America require the financial data for those component units to be reported with the financial data of the County's primary government. The primary government financial statements referred to above do not include the financial data of component units as described in Note A.5. The effect on the financial statements of the omission of the component units, although not reasonably determined, is presumed to be material.

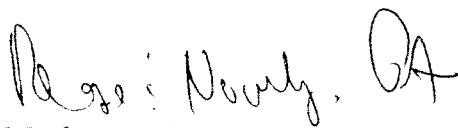

As described more fully in Note A, the County prepares its financial statements using accounting practices prescribed or permitted by the State of Kansas, which practices differ from accounting principles generally accepted in the United States of America. The effect on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because of the effects of the matter discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Atchison County, Kansas, as of December 31, 2010, the changes in its financial position, or, where applicable, its cash flows for the year then ended. Further, the County has not presented a management's discussion and analysis that accounting principles generally accepted in the United States has determined is necessary to supplement, although not required to be part of, the basic financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash and unencumbered cash balances of each fund of Atchison County, Kansas, as of December 31, 2010, and their respective cash receipts and disbursements, and budgetary results for the year then ended, on the basis of accounting described in Note A.

Our audit was conducted for the purpose of forming an opinion on the financial statements of Atchison County, Kansas as a whole. The "other financial information" as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. This information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the statutory basis financial statements taken as a whole.

As described in Note I to the financial statements, the County's beginning unencumbered cash balance has been restated to reflect a correction of an error in the prior period in which encumbrances paid in the current period were incorrectly excluded from the previous year as prior year expenditures.

A handwritten signature in cursive script, reading "Roger Newby, CPA". The signature is written in dark ink and is positioned above the typed name and date.

Manhattan, Kansas  
October 10, 2011

## NOTES TO FINANCIAL STATEMENTS

### ATCHISON COUNTY, KANSAS

December 31, 2010

#### NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Atchison County, Kansas (County) is a municipal corporation governed by an elected three-member commission. These financial statements present only the County (the primary government) and do not include the financial data of any component units. The accounting policies of the County conform to the cash-basis and budget laws of Kansas. The following is a summary of the more significant policies:

1. The Financial Reporting Entity: The financial reporting entity of the County is comprised of only the primary government (the County) and does not include its component units.

The basic criterion for including a separate governmental entity in the County's financial reporting entity is the financial accountability of the County for the separate entity. The County is financially accountable if it appoints a voting majority of a component unit's governing body and if it either has the ability to impose its will on the component unit or there is a potential for the component unit to provide certain financial benefits to, or impose certain financial burdens on, the primary government.

The County's component unit is Atchison County Extension Council (Council), which provides services in such areas as agriculture, home economics, and 4-H club, to all persons in the County. The Council is an elected four-member executive board and the County provides significant annual operating subsidies to the Council.

2. Fund Accounting: The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped, in the financial statements in this report, into generic fund types and broad fund categories as follows:

##### *Governmental Funds*

The General Fund is the general operating fund of the County. It is used to account for all financial resources except those that are required to be accounted for in another fund.

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Debt Service Funds are used to account for the accumulation of financial resources for, and the payment of general long-term debt principal, interest, and related costs.

## NOTES TO FINANCIAL STATEMENTS

### ATCHISON COUNTY, KANSAS

December 31, 2010

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.

#### *Proprietary Funds (Business-Type Activities)*

Enterprise Funds are used to account for operations that provide goods or services to the general public on a continuing basis. Such operations are financed and operated in a manner similar to private business enterprises and (a) are intended to be self supporting through charges to users or (b) the governing body has deemed it appropriate to account for them as enterprise funds for capital maintenance, public policy, management control, accountability, or other purposes.

#### *Fiduciary Funds*

Trust and Agency Funds are used to account for assets held by the County in a trust capacity or as an agent for individuals, private organizations, other governments, and/or other funds. Included in this classification are distributable funds, which are used to account for tax receipts which are to be distributed to the other funds of the County and to the other political subdivisions within the County for whom the County acts as an agent.

3. Basis of Presentation: The statutory basis of accounting, as used in the preparation of these statutory basis financial statements, is designed to demonstrate compliance with the cash basis and budget laws of the State of Kansas. Cash receipts are recognized when the cash balance of a fund is increased. Expenditures include disbursements, accounts payable, and encumbrances. Encumbrances are commitments related to unperformed (executory) contracts for goods and services, and are usually evidenced by a purchase order or written contract. For an interfund transaction, a cash receipt is recorded in the fund receiving cash from another fund, and the expenditure would be charged in the fund from which the transfer is made.

The County has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the municipality to use the statutory basis of accounting.

## NOTES TO FINANCIAL STATEMENTS

### ATCHISON COUNTY, KANSAS

December 31, 2010

Departure from Generally Accepted Accounting Principles: The basis of accounting described above results in a financial statement presentation, which shows cash receipts, cash disbursements, cash and unencumbered cash balances, and expenditures compared to budget. Balance sheets that would have shown non-cash assets such as receivables, inventories and prepaid expense; liabilities such as deferred revenue and matured principal and interest payable; and reservations of the fund balance are not presented. Under accounting principles generally accepted in the United States of America, encumbrances are only recognized as a reservation of fund balance; encumbrances outstanding at year-end do not constitute expenditures or liabilities. Consequently, the expenditures as reported do not present the cost of goods and services received during the fiscal year in accordance with generally accepted accounting principles. Capital assets that account for the land, buildings, and equipment owned by the County are not presented in the financial statements.

Also, long-term debt such as general obligation bonds, revenue bonds, capital leases, temporary notes, and compensated absences are not presented in the financial statements.

4. Budgetary Information: Kansas statutes require that an annual operating budget be legally adopted for the general fund, special revenue funds (unless specifically exempted by statute), debt service funds, and enterprise funds. The statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:
- Preparation of the budget for the succeeding calendar year on or before August 1st. At the County, this process begins in May when budget worksheets are mailed to each department. These budget worksheets are returned to the County Administrator's Office for compilation and verification in June. The County Commissioners review budgets by each department in June and July.
  - Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5th.
  - Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
  - Adoption of the final budget on or before August 25th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of a public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time.

The statutes permit transferring budgeted amounts between line items within an individual fund; County policy requires such transfers to be approved by the County Commissioners. However, statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

## NOTES TO FINANCIAL STATEMENTS

### ATCHISON COUNTY, KANSAS

December 31, 2010

All legal annual operating budgets are prepared using the modified accrual basis of accounting, modified further by the encumbrance method of accounting. Revenues are recognized when cash is received. Expenditures include disbursements, accounts payable, and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end.

A legal operating budget is not required for capital project funds, fiduciary funds, permanent funds, certain special revenue funds (exempted by Kansas Statute):

- K.S.A. 12-110d: Special Ambulance or emergency medical service equipment fund
- K.S.A. 12-663: Federal Grant funds
- K.S.A. 12-16, 111: State Loans and Grant funds
- K.S.A. 12-17, 118: Neighborhood Revitalization fund
- K.S.A. 19-119: County Equipment Reserve funds
- K.S.A. 19-120: Multi-year Capital Improvement funds
- K.S.A. 19-15, 136: Special Building funds
- K.S.A. 28-115a: Register of Deeds Technology funds
- K.S.A. 68-141g: Special Road, Bridge or Street Building Machinery, Equipment and Bridge Building funds
- K.S.A. 68-559a: Special Road & Bridge fund
- K.S.A. 68-590: Special Highway Improvement fund
- K.S.A. 68-1135: Special Bridge & Culvert fund

Spending in funds which are not subject to the legal annual operating budget requirements is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

5. Special Assessments: Projects financed in part by special assessments are financed through general obligation bonds of the County and/or revolving loans issued by the Kansas Department of Transportation. Both of which are either retired from the General Fund or the Bond and Interest Debt Service Fund as appropriate. Special assessments paid prior to the issuance of bonds are recorded as revenue in the appropriate project. Special assessments received after the issuance of bonds are recorded as revenue in the General Fund or the Bond and Interest Debt Service Fund as appropriate.
6. Investments: Investments are stated at cost, which approximates market.

## NOTES TO FINANCIAL STATEMENTS

### ATCHISON COUNTY, KANSAS

December 31, 2010

7. Compensated Absences: The County provides certain vacation time benefits, i.e., paid time off, to full-time and Class A part-time employees based upon length of service with the County. No more than 80 hours of vacation may be carried forward in any given year. All unused vacation time is paid to the employee or legal representative of the employee upon termination of employment, retirement or death. Payment of unused vacation time is based upon the employee's rate of pay at the time of termination, retirement or death.

Sick leave is granted to regular full-time and Class A part-time employees at a rate of 1.9 hours per pay period (49.4 hours per year) for full-time employees and .95 hours per pay period (24.7 hours per year) for part-time employees. Up to 240 hours of sick leave is paid to the employee or legal representative of the employee upon voluntary termination of employment in good standing, retirement or death.

At December 31, 2010, the County's liability for unused vacation and sick time is approximately \$255,557, attributable entirely to governmental funds.

8. Property Taxes: In accordance with governing state statutes, property taxes levied during the current year are a revenue source to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar year basis and become a lien on the property on November 1 of each year. The County Treasurer is the tax collection agent for all taxing entities within the County. Property owners have the option of paying one-half or the full amount of the taxes levied on or before December 20 during the year levied with the balance to be paid on or before May 10 of the ensuing year. State statutes prohibit the County Treasurer from distributing taxes collected in the year levied prior to January 1 of the ensuing year. Consequently, for revenue recognition purposes, the taxes levied during the current year are not due and receivable until the ensuing year.

#### NOTE B—DEPOSITS AND INVESTMENTS

As of December 31, 2010, the County did not have any investments other than certificates of deposit.

K.S.A. 9-1401 establishes the depositories which may be used by the County. The statute requires banks eligible to hold the County's funds have a main or branch bank in the county in which the Government is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The County has no other policies that would further limit interest rate risk.

## NOTES TO FINANCIAL STATEMENTS

### ATCHISON COUNTY, KANSAS

December 31, 2010

K.S.A. 12-1675 limits the County's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The County has no investment policy that would further limit its investment choices. The rating of the County's investments is noted above.

*Concentration of credit risk:* State statutes place no limit on the amount the County may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. The County had no investments other than certificates of deposit (which are secured through FDIC coverage and pledged securities) at December 31, 2010 (included in balances below).

*Custodial credit risk – deposits:* Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. State statutes require the County's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka., except during designated "peak periods" when required coverage is 50%. The County's designated "peak periods" are from December 1 – January 29 and May 1 – June 29. All deposits were legally secured at December 31, 2010.

At December 31, 2010, the carrying amount of the County's deposits, including certificates of deposit, was \$14,638,835 and the bank balance was \$14,991,425. The bank balance was held by ten banks which does not result in a concentration of credit risk. Of the bank balance, \$1,444,245 was covered by federal depository insurance, and the remaining \$8,760,678 was collateralized with securities held by the pledging financial institutions' agents in the County's name, and remaining \$4,786,502 was covered under the County's designated "peak period" agreement.

*Custodial credit risk – investments:* For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

#### NOTE C—GENERAL LONG-TERM DEBT

The following is a summary of debt transactions of the County for the year ended December 31, 2010: (See Notes J and K for the schedules of long-term liabilities and current maturities of long-term debt)

	Beginning of Year	Issued	Retired	End of Year
General Obligation Bonds	\$ 265,000		\$ 200,000	\$ 65,000

Total interest expense for the year was \$9,514.

## NOTES TO FINANCIAL STATEMENTS

### ATCHISON COUNTY, KANSAS

December 31, 2010

#### Bonded Indebtedness Limitation

Kansas statutes restrict the level of the authorized and outstanding bonded indebtedness of the County to not more than three percent of the assessed value of all tangible property within such county, as certified to the County Clerk on the preceding August 25.

Total assessed valuation as of November 28, 2009	\$	137,493,550
3% Debt Limit		4,124,807
Total Outstanding General Obligation Debt		65,000
General Obligation Debt Margin	\$	<u>4,059,807</u>

#### **NOTE D—DEFINED BENEFIT PENSION PLAN**

*Plan Description:* The County contributes to the Kansas Public Employees Retirement System (KPERS) and the Kansas Police and Firemen's Retirement System (KP&F). Both are cost-sharing multiple-employer defined benefit pension plans as provided by K.S.A. 74-4901, *et seq.* KPERS and KP&F provide retirement benefits, life insurance, disability income benefits, and death benefits. Kansas law establishes and amends benefit provisions. KPERS and KP&F issue a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to KPERS (611 S. Kansas, Suite 100; Topeka, KS 66603) or by calling 1-888-275-5737.

*Funding Policy:* K.S.A. 74-4919 establishes the KPERS member-employee contribution rate at 4 percent of covered salary for employees hired before July 1, 2009 and 6 percent of covered salary for employees hired on or after July 1, 2009. K.S.A. 74-4975 establishes the KP&F member-employee contribution rate at 7 percent of covered salary. The employer collects and remits member-employee contributions according to the provisions of section 414(h) of the Internal Revenue Code. State law provides that the employer contribution rate be determined annually based on the results of an annual actuarial valuation. KPERS and KP&F are funded on an actuarial reserve basis. State law sets a limitation on annual increases in the employer contribution rates.

### **ATCHISON COUNTY, KANSAS**

**December 31, 2010**

The KPERS employer rate established by statute for January 1, 2010 thru March 31, 2010 and July 1, 2010 thru December 31, 2010 was 7.14 percent. For the period of April 1, 2010 thru June 30, 2010 the state issued a moratorium on the employer's insurance contributions of 1 percent, setting the employer's rate to 6.14 percent. The County employer contributions to KPERS for the years ending December 31, 2010, 2009, and 2008 were \$284,811, \$215,342, and \$170,128, respectively, equal to the statutory required contributions for each year. The KP&F employer rate established for the calendar year beginning in 2010 was 12.86 percent. Employers participating in KP&F also make contributions to amortize the liability for past service costs, if any, which is determined separately for each participating employer. The County's employer contributions to KP&F for the years ending December 31, 2010, 2009, and 2008 were \$49,259, \$50,072, and \$54,061, respectively, equal to the required contributions for each year as set forth by the legislature.

#### **NOTE E—OTHER POST EMPLOYMENT BENEFIT**

As provided by K.S.A. 12-5040, the County allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the local government is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in these financial statements.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the government makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the County under this program.

#### **NOTE F—COMMITMENTS AND CONTINGENCIES**

Litigation—There are a number of claims and/or lawsuits to which the County is a party as a result of matters and complaints arising in the ordinary course of County activities. The County management and legal counsel anticipate that the potential claims against the County not covered by insurance, if any, resulting from such matters would not materially affect the financial position of the County.

Risk Management—The County is exposed to various risks of loss related to theft of, damage to, or destruction of assets; errors and omissions; injuries to employees and natural disasters. The County manages these various risks of loss through commercial insurance with varying deductibles. All deductibles are under \$5,000. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three years.

## NOTES TO FINANCIAL STATEMENTS

### ATCHISON COUNTY, KANSAS

December 31, 2010

#### NOTE G—BUDGETED FUNDS

The budgets for General and Road & Bridge Funds were amended during 2010. The Summary of Expenditures – Actual and Budget (Statement 2) and Statement of Cash Receipts and Expenditures (Statement 3) reflects the amendments.

#### NOTE H– TRANSFERS

Operating transfers were as follows:

FROM	TO	Statutory Authority	Amount
General Fund	Capital Outlay Reserve	12-1, 118	\$ 2,900
Capital Impr	General Fund	12-1, 118	17,000
Election Fund	Capital Outlay Reserve	12-1, 117	10,000
Noxious Weed	Capital Outlay Reserve	2-1318	30,000
Community Corrections	AISP Grant Fund	Equity Transfer	35,876
Community Corrections	JISP Grant Fund	Equity Transfer	27,003
Community Corrections	CMA Grant Fund	Equity Transfer	35,095
			<u>\$ 157,874</u>

#### NOTE I – PRIOR PERIOD ADJUSTMENT

As discussed in Note A the County prepares its financial statements on the statutory basis of accounting, which is designed to demonstrate compliance with the cash basis and budget laws of the State of Kansas. Encumbrances are commitments related to unperformed (executory) contracts for goods and services, and are usually evidenced by a purchase order or written contract. However, the prior year audit excluded expenditures which were encumbered as of December 31, 2009, but were not paid until the current period. In addition equity transfers recorded for year end were incorrectly included in the prior audit ending encumbrance balance, instead of being properly recorded as year end equity transfer. Therefore, the beginning unencumbered cash balances, encumbrances and expenditures chargeable to the current period have been restated to reflect the correction to posting of transfers and year end expenditures as of and for the year ended December 31, 2009. The following is provided to reconcile the prior year audit ending balances to the restated balances for those funds that were effected:

# NOTES TO FINANCIAL STATEMENTS

## ATCHISON COUNTY, KANSAS

December 31, 2010

### Reconciliation of Restated Unencumbered Cash Balances as of December 31, 2009:
